Subject: Reclamation Required, Mark Miller, Expectations Mine, S0350024, Salt Lake County, Utah

Dear Mr. Miller:

The Division of Oil, Gas and Mining hereby withdraws your Notice of Intention to Commence Small Mining Operations (Notice) for the referenced mine because of failure to pay the permit fee. You may request a hearing before the Board of Oil, Gas and Mining to appeal this decision. Please contact the Division for information about how to file the appeal.

The Division requires that the mine site be reclaimed, including removal of the two trackhoes, trackhoe tracks, and any other miscellaneous debris. Some regrading may be required, and the surface of much of the site needs to be prepared for seeding. The area must then be seeded with a permanent seed mix.

Reclamation must be completed by December 15, 2007. Failure to do so will result in enforcement action, and the Division will seek forfeiture of the reclamation surety.

If you have questions about this letter or these requirements, please call me at 801-538-5258 or Lynn Kunzler at 801-538-5310.

Sincerely,

Susan M. White
